

INTERNATIONAL COURSE 2023

A biological approach to Implantology

Eduardo Anitua Institute (Spain)

Dr. Eduardo Anitua MD, DDS, PHD

MORE INFORMATION

Mode:
Face-to-face
(2 days)

Date:
6th-7th March
8th-9th May
16th-17th October

Price:
1.200€ / attendant

BTI TRAINING CENTER

Objective

"Scientific and practice-oriented on highest level", that's the motto of these top-class training courses. The internationally recognized lecturer Dr. Eduardo Anitua combines scientific approach with practical experience in an exceptional way. Numerous pu-

blications and specialist books underline his professional qualifications. Unlike most lecturers he includes biological and bio-mechanical aspects in his therapeutic concept. With the support of his research team he always breaks new ground.

Program

Day 1

09:15 Welcome

09:30 Live Surgery.

Planning of surgeries with BTI Scan 4.
Explanation in real time. Possibility of visiting the operation theatre.

14:15 Lunch
